

Creative Impact Photography with Steve Somerville

A Homework Assignment before the first class ...

Students should have basic familiarity with the following:

1. ISO
2. Shutter speed
3. Apertures

Here are three handy *YouTube* videos to view to get up and running:

- “Photography Tutorial for Beginners: What is Aperture, Shutter Speed, ISO (DSLR Lesson)” by **CamCrunch**
 - <https://www.youtube.com/watch?v=3f5jiFd0Zrl>
- “Photography Tutorial: ISO, Aperture, Shutter Speed” by **Tek Syndicate**
 - https://www.youtube.com/watch?v=6_B8pVoANYY
- “Exposure Explained Simply - Aperture, Shutter Speed, ISO” by **Photo Rec TV**
 - <https://www.youtube.com/watch?v=YAt4315-uH4>

If you go over these videos then you will be in good shape for our first class! We will go over more detail in class and I will have handouts for you as well.
